Laufenn

Journey in Style

When the Blue that represents rational value and the Red that represents emotional value meet, the Violet of Laufenn is born. Laufenn provides smart consumers both practical value and satisfaction.

Laufenn ensures an exceptional driving experience through optimized performance – In any weather or in any season, rain or snow, summer or winter.

Laufenn provides the performance you need over a wide range of conditions – in your everyday life, under any road conditions, on or off-road.

Confident

The ability Laufenn provides is rooted in its uncompromising commitment to quality. When you go to work or head out to meet your friends... When you go on a trip or venture out to a new place... Laufenn is there with you everyday providing optimized performance and confidence.

Simple

Laufenn is Simple – with no add-ons and nothing to spoil your driving experience. Committed to the basics, Laufenn offers a pure driving experience tailored to for your needs.

Open-minded

Laufenn refuses to accept a one-size-fits-all attitude. You know value when you see it and are determined to embrace new choices. Making Laufenn your choice is transforming your own value into a new trend.

Sensible

Laufenn understands your refined taste. You have an extraordinary eye for quality – all at a glance. Your choices are always solid. Laufenn expresses your excellent style and represents your fashionable personality.

X FIT HT

Highway Terrain LT & SUV Tire

Handling

Comfort

Wear life

The X FIT HT provides SUV and light truck drivers with excellent handling performance and a reliable, comfortable driving experience – at all times.

FEATURES

- **All-Season:** Optimized dry, wet and snow performance
- **Secure stability and handling**
- **Long tread life**
- **Designed to prevent damage from stone drilling and external impacts**

X FIT HT

Speed Symbol : T

S.W. : 225~265

Series : 60~75

Inch : 15~18"

UTQG : 620 A B

Performance Information

On-Road

Handling

Noise

The X FIT HT offers exceptional comfort for an optimized on-road driving experience.

High Stiffness Centre Blocks

A high stiffness centre tread block design enhances handling performance and ensures better road-holding ability during cornering.

Shoulder 2-in-1 Block

A 2-in-1 shoulder block design improves handling performance and provides greater steering feedback.

Comfort Design

The main tread and shoulder rib blocks have been designed to ensure low road noise and provide a comfortable ride.

All-Season

All-Season performance, even in winter.

Zigzag Bottom Grooves

Zigzag groove design increases vehicle traction even on snowy or muddy roads.

Snow Kerfs

A multi-snow kerf design improves braking performance on dry, wet and snowy roads. The snow kerf design is longer than standard kerfs, adding to the tire's braking and handling ability.

X FIT HT

Standard Tire

4 Wide Straight Grooves

Four wide, straight tread grooves provide efficient water drainage in wet conditions for improved vehicle stability.

Lateral Grooves

Lateral groove lugs ensure better traction performance on wet and snowy roads.

Safety

Durability

The X FIT HT ensures a capable driving experience with a focus on safety.

Belt Edge Tape

A folded belt edge tape design is incorporated between the tire's two tread belts to improve handling performance in high-speed conditions.

X FIT HT

Standard Tire

2-Step Edged Block Outside

A 2-step edged shoulder block edge design helps to keep tire safe from external impact damage and cuts that might occur in various driving conditions.

Stone Ejectors

The stepped groove inside tread block design of the X FIT HT prevents stones from lodging in its tread, protecting the tire from external damage.

X FIT HT

Standard Tire

TIRE STRUCTURE

The X FIT HT adopts new technology for SUVs and light trucks, engineered for on-load performance.

Unique Highway All-Season Purpose Optimized Cap Tread

—
LPAH (Low Polycyclic Aromatic Hydrocarbon) environment-friendly compound.
Optimized compound provides long mileage, excellent braking performance and prevents chips, cuts and abrasions.

High-Tensile Strength Sidewall Rubber

—
Helps to minimize damage from impacts.

Reinforced Carcass and Rubber Gauge

—
Improves steering feedback and stability both on and off-road.

Jointless Bead Wire

—
Improved bead uniformity.

Reinforced Under-Tread Protective Layer

—
Helps prevent internal damage from impacts sustained when driving.

Nylon Jointless Reinforced Belts

—
Maximizes the tires contact with the road for improved handling and tread life (depends on size).

High-Strength 2 Steel Belts

—
Improved steering stability.

Folded Belt Edge Tape

—
Improved handling performance in high-speed conditions.

* The model size in the structural diagram is for the 265/70R17T tire, and the descriptions of structural diagrams may vary by size.
